1. The strong political will and overwhelming support from the parliaments of the BSEC Member States, with which the PABSEC was established 25 years ago, continues to be consolidated based on the shared interests of good-neighbourliness and for the benefit of the peoples of the Black Sea Region.
2. We highly value the positive experience accumulated during the existence of the Assembly, and reaffirm our full commitment to the spirit and principles enshrined in the Declaration on the Establishment of the PABSEC (1993) and the subsequent statutory documents on the basis of which our cooperation enhances, interaction deepens and friendly ties are maintained. 3. Today, we have a particular responsibility to do our utmost to ensure that the present and the future of the peoples of the wider Black Sea region meet their expectations and aspirations. The Black Sea region is an important region in the world with its great potential to become a region of peace, prosperity and stability. The efforts for finding flexible compromises and identifying common interests have always been the basis of the “PABSEC spirit”. The Black Sea is the symbol, which unites and should bring peoples and countries closer together rather than divide them.
4. We declare our willingness to continue providing extensive assistance to the further development of multilateral cooperation in the Region and greater coordination of activities in order to more efficiently be involved in the service of peace, cooperation and economic prosperity for all the peoples in the Region on the basis of mutual respect and understanding.

During the adoption of the Document, the Republic of Turkey expressed special opinion (attached).

Opinion by the Republic of Turkey

The Republic of Turkey, as a Member of the Parliamentary Assembly of the Black Sea Economic Cooperation, emphasizes its commitment to the establishment of a sustainable, lasting and just peace in the Middle East. Turkey believes that peace is only possible by the realization of a two-state solution with East Jerusalem as the capital of the State of Palestine based on the 1967 borders and compliant with legitimate international decisions and thinks that unilateral steps taken in the Palestinian Territories against international law and the established parameters will deeply damage the grounds for peace in the Middle East. Turkey strongly condemns the massacre carried out by Israel as a result of disproportionate use of force towards innocent Palestinians participating in peaceful demonstrations and calls for restraint in the region.
